

**INGCO ANGLE GRINDER 2400W 230MM**

---

The Ingco Angle Grinder was designed with an extremely small field diameter, letting the user grind, or cut with ease. This tool features a powerful 2400W motor to produce 6400W no-load rpm for professional cutting and grinding applications. It also offers a two-position side auxiliary handle specifically designed to angle to a natural position for maximum operator comfort. The top of the handle of the angle grinder is also ergonomically designed.
